

## **Point of Ayr Terminal**

# **COMMUNITY NOTICE**

## **Decommissioning Activity**

Please be advised that groundwater monitoring points will be installed inside the Point of Ayr Terminal and a location in the Colliery area between:

**Monday 12th January and Monday 19th January**

During this period, you may notice a mobile drilling rig within a small fenced off area on the Colliery as works take place. You may also notice an increase in noise and activity whilst these works are being carried out.

## **Drone Survey Activity**

Please be advised that we will be carrying out drone survey activities at Talacre Beach and Warren Farm between:

**Monday 12th January and Friday 16th January**

These surveys will be carried out remotely by an unmanned aerial vehicle (a 'drone'). The drone is not noisy but you may be able to see it as the surveys take place.
