PADESWOOD CARBON DIOXIDE SPUR PIPELINE PROPOSED DEVELOPMENT CIT TOTAL TOTAL

FEEDBACK FORM

Liverpool Bay CCS Limited, a member of the Eni SpA group, is leading the development of the Padeswood Carbon Dioxide (CO₂) Spur Pipeline Proposed Development.

Thank you for participating in our statutory public consultation on the Proposed Development.

We invite you to review our plans, detailed in our consultation brochure available at **hynethub.co.uk/padeswood.**

Please use this form to submit your feedback to our consultation. Your input is valuable and will inform our planning application, which we intend to submit to Flintshire County Council in summer 2025.

You are not required to answer all the questions. If you need more space, feel free to continue your responses on additional paper, clearly indicating which question you are addressing.

Please provide your completed form no later than **11:59pm on Tuesday 29 April 2025**, so we can review and consider your feedback.

You can return the form by:

Posting it to Freepost LBCCS, or

Handing it to a staff member at a consultation event.

Carbon Capture and Storage

 To what extent do you support or oppose the use of carbon capture and storage (CC technology in helping the UK to reduce its carbon dioxide emissions? 					
	Strongly support

Draft planning application documents

As part of this consultation, we are asking for comments on the draft planning application documents. Your comments will inform the final planning application.

2.	Please share your views on our proposals for the Padeswood Spur Pipeline and the
	proposed Padeswood AGI. Is there anything we should be aware of as we finalise our
	planning application submission?

See page 8 / 9 of the Padeswood Carbon Dioxide Spur Pipeline Proposed Development consultation brochure for more information.
